Reporting format: Report the requested information on this form, or in a format that is convenient for you, such as a computer printout. Make sure the alternate format includes the required information. Examples of completed forms and Frequently Asked Questions are available on the Energy Information Administration website at: <http://www.eia.doe.gov/cbecs/ess>

Privacy of account numbers: We identify buildings only by the CBECS building identification number, shown on the label on the first page; we do not need your individual account numbers. If you have privacy concerns for your customers, please mark out or omit your own account numbers from any submissions. However, make sure you write the CBECS building identification number on any printouts you send us.

Multiple accounts: Submit a single report for the entire reporting unit summing across all accounts. The total should include former customers who occupied the space during the reporting period. If it is easier, you may provide a separate report for each of the accounts and we will aggregate the data for you.

Reporting Period: Report electricity data for all of 2007. We ask for the 14 month period that begins with December, 2006 and ends with January, 2008.

For each month (service period) provide the following for the reporting unit:
