

# Workshop on Biofuels Projections in the AEO

## Agenda March 20, 2013

- 9:00 **Welcome and Introduction**  
John Conti, Assistant Administrator for Energy Analysis, EIA
- 9:05 **Biofuels in the United States: Context and Outlook**  
Howard Gruenspecht, Deputy Administrator, EIA
- 9:20 **Modeling of Cellulosic Biofuels in AEO**  
Michael Cole, Office of Petroleum Natural Gas and Biofuels Analysis, EIA
- 9:50 **Light Duty Vehicle Markets and E85**  
John Maples, Office of Energy Consumption and Efficiency Analysis, EIA  
David Greene, Geography and Environmental Engineering, Oak Ridge National Laboratory
- 10:30 **Ethanol (E85) Deployment Expansion**  
Kristi Moriarty, Energy Analysis, National Renewable Research Laboratory (WebEx)
- 11:00 **Brazilian Biofuels Supply**  
Tony Radich, Office of Petroleum Natural Gas and Biofuels Analysis, EIA  
Joel Velasco, External Relations, Amyris
- 11:45 Lunch
- 1:15 **Cellulosic Biofuels in the FAPRI Baseline of 2012**  
Robert Johansson, Office of the Chief Economist, U.S. Department of Agriculture  
Dr. Jarrett Whistance and Dr. Wyatt Thompson, Food and Agricultural Research Institute, Missouri University (WebEx)
- 1:45 **U.S. Biofuels Supply Analysis**  
Tony Radich, Office of Petroleum Natural Gas and Biofuels Analysis, EIA  
Tom Capehart, Market and Trade Economics Division, U.S. Department of Agriculture
- 2:30 **Sugars, Fuels, and Chemicals**  
Peter Gross, Office of Energy Consumption and Efficiency Analysis, EIA  
Sam Nejame, Promotum (WebEx)
- 3:00 Break
- 3:15 **Drop-in Biofuels in the AEO**  
Mac Statton, Office of Petroleum Natural Gas and Biofuels Analysis, EIA
- 3:45 **Applications of Biomass Scenario Model**  
Zia Haq, Office of Biomass Program, U.S. Department of Energy  
Brian Bush, Thermochemical Sciences, National Renewable Energy Laboratory (WebEx)
- 4:15 Wrap Up
