March 2013

Workshop on Biofuels Projections in AEO Host and Presenter Contact Information

Hosts:

Mindi Farber-DeAnda

Team Lead, Energy Information Administration, Biofuels and Emerging Technologies

Mindi.Farber-DeAnda@eia.gov

202-586-6419

Vishakh Mantri, Ph.D, P.E.

Chemical Engineer, Energy Information Administration, Biofuels and Emerging Technologies Team

Vishakh.Mantri@eia.gov

202-586-4815

Presenters:

Biofuels in the United States: Context and Outlook

Howard Gruenspecht

Deputy Administrator, Energy Information Administration

Howard.gruenspecht@eia.gov

202-586-6351

Modeling of Biofuels in the AEO,

Michael Cole

Operations Research Analyst, Energy Information Administration, Liquid Fuels Market Team

Michael.cole@eia.gov

202-586-7209

Flex-Fuel Vehicle Modeling in the AEO

John Maples

Transportation Team Lead, Energy Information Administration, Office of Energy Consumption and Energy Analysis

John.maples@eia.gov

202-586-1757

Light Duty Vehicle Markets & E85 Theory Economics & Modeling

David Greene,

Corporate Fellow, Geography and Environmental Engineering, Oak Ridge National Laboratory

dlgreene@ornl.gov

(865) 946-1310

Ethanol (E85) Deployment Expansion,

Kristi Moriarty

Research Analyst IV, NREL

Kristi.Moriarty@nrel.gov

(303) 275-4477

Brazilian Biofuels Supply,

Anthony Radich

Energy Information Administration, Biofuels and Emerging Technologies Team

Anthony.radich@eia.gov

202-586-0504

Brazilian Sugarcane,

Joel Velasco,

Investor relations, external communications and public policy, Amyris

velasco@amyris.com

510- 597-5526

Cellulosic Biofuels in the FAPRI Baseline of 2012,

Robert Johansson,

Deputy Chief Economist, USDA

RJohansson@oce.usda.gov

202-720-5955

Jarrett Whistance

Post Doctoral research Fellow, FAPRI

jwxbb@mail.missouri.edu

573-882-1864

Wyatt Thompson

Associate Professor, FAPRI

thompsonw@missouri.edu

573-882-1864

Outlook for Biofuels Feedstock Supply

Tom Capehart

Feed grains and Biofuels analyst, USDA Economic Research Service

tcapehart@ers.usda.gov

202-694-5313

Chemical Production in the AEO

Peter Gross

Energy Information Administration, Office of Energy Consumption and Efficiency Analysis

Peter.gross@eia.gov

202-586-8822

Sugars, Renewable Chemicals & Fuels,

Sam Nejame, Promotum

sam@promotum.com

617-576-9084

Drop-in Biofuels in the AEO

Mac Statton

Energy Information Administration, Biofuels and Emerging Technologies Team

Mac.statton@eia.gov

202-586-7105

Applications of the Biomass Scenario Model

Brian Bush

NREL

brian.bush@nrel.gov

303-384-7472
