Percent Change from Prior Year	4.2	5.3	-10.4	3.5	-0.8	W	W	W	W	-4.5

¹ Success Rate defined as the total number of successful well completions during the period divided by the total number of wells drilled.

² Crude oil plus natural gas liquids. Foreign includes ownership interest production and foreign access production.

³ Foreign includes net ownership interest reserves (66.6 percent of total foreign) and "Other Access" reserves (33.4 percent of total foreign). "Other Access" reserves include proportional interest in investee reserves and foreign access reserves.

W = Data withheld to avoid disclosure.
