

**Table 1. U.S. proved reserves, and reserves changes, 2013-2014**

|  | <b>Crude Oil and Lease Condensate</b> | <b>Wet Natural Gas</b>     |
|--|---------------------------------------|----------------------------|
|  | <b>billion barrels</b>                | <b>trillion cubic feet</b> |
| <b>U.S. proved reserves at December 31, 2013</b> | <b>36.5</b>                           | <b>354.0</b>               |
| Total discoveries                                | 5.4                                   | 50.5                       |
| Net revisions                                    | 0.4                                   | 1.0                        |
| Net Adjustments, Sales, Acquisitions             | 0.8                                   | 11.5                       |
| Production                                       | -3.2                                  | -28.1                      |
| <b>Net additions to U.S. proved reserves</b>     | <b>3.4</b>                            | <b>34.8</b>                |
| <b>U.S. proved reserves at December 31, 2014</b> | <b>39.9</b>                           | <b>388.8</b>               |
| <b>Percent change in U.S. proved reserves</b>    | <b>9.3%</b>                           | <b>9.8%</b>                |

Notes: Total natural gas includes natural gas plant liquids. Columns may not add to total because of independent rounding. Percent change calculated from unrounded numbers.
