^a U.S. total includes other biofuels product supplied not allocated to the states.
 Where shown, (s) = Physical unit value less than 0.5 or Btu value less than 0.05.
 Notes: • Includes biofuels blended into the petroleum products, which are all assigned to the transportation

sector. • Totals may not equal sum of components due to independent rounding.
 Data Source: U.S. Energy Information Administration, State Energy Data System. See Technical Notes.
