<sup>a</sup> We used lease fuel quantities available directly from state agencies' websites or reports. For states where these data are not available, we estimated lease fuel quantities by applying an average of the state's historical ratio of lease fuel to gross withdrawals (Appendix A).

<sup>b</sup> Pipeline and distribution use volumes include line loss, defined as known volumes of lost natural gas as a result of leaks, damage, accidents, migration, and/or blow down.

<sup>E</sup> Estimated data.

<sup>NA</sup> Not available.

<sup>R</sup> Revised data.
