May 2017

Drilling Productivity Report

Haynesville Region

Oil production

May
33 barrels/day

June
33 barrels/day

Barrels/month

Monthly additions from one average rig

Barrels/month

Gas
+66 thousand cubic feet/month

Drilling data through April

Projected production through June

Haynesville Region

New-well oil production per rig

Barrels/month

Rig count

Rigs

New-well oil production per rig

Rig count

Haynesville Region

Legacy oil production change

Barrels/month

(1)

(2)

(3)

Rigs

Haynesville Region

Indicated change in oil production (Jun vs. May)

Barrels/month

May
45 Mbbld

Production from new wells

Legacy production change

Net change

Jun
45 Mbbld

Million barrels/day

Haynesville Region

Natural gas production

Cubic feet/month

May
6,325 MMcf/d

Production from new wells

Legacy production change

Net change

Jun
6,455 MMcf/d

Million cubic feet/day

Haynesville Region

New-well gas production per rig

Cubic feet/month

Rigs

New-well gas production per rig

Rig count

Haynesville Region

Legacy gas production change

Cubic feet/month

June
7,398

May
7,332

Haynesville Region

Indicated change in natural gas production (Jun vs. May)

Cubic feet/month

June
7,398

May
7,332

Million cubic feet/day
