**Notes:** The "Other States" category comprises the following states/areas that are not individually collected on Form EIA-914: Alabama, Arizona, Federal Offshore Pacific waters, Florida, Idaho, Illinois, Indiana, Kentucky, Maryland, Michigan, Mississippi, Missouri, Nebraska, Nevada, New York, Oregon, South Dakota, Tennessee, and Virginia.

For data prior to 2023, Federal Offshore Pacific production is included in California.

The sum of individual states/areas may not equal total U.S. volumes due to independent rounding.

Data are subject to revision.

**Sources:** All data for Alaska are sourced directly from Alaska Oil and Gas Conservation Commission.

For 2023, natural gas gross withdrawals have been estimated from data collected on Form EIA-914, *Monthly Crude Oil and Lease Condensate, and Natural Gas Production Report*.

For 2022, volumes originally estimated from EIA-914 have typically been revised using data sourced from various state regulatory agencies and the Bureau of Safety and Environmental Enforcement (BSEE). Commercial data sources may also have been used for revision purposes (e.g., Enverus, S&P Global).
