Notes: Natural gas production represents monthly natural gas gross withdrawals estimated from data collected on the EIA-914 survey. Data for Arkansas, California, Colorado, Federal Offshore Gulf of Mexico, Kansas, Louisiana, Montana, New Mexico, North Dakota, Ohio, Oklahoma, Pennsylvania, Texas, Utah, West Virginia, and Wyoming are individually collected on the EIA-914 survey. The "other states" category comprises states/areas not individually collected on the EIA-914 survey (Alabama, Arizona, Federal Offshore Pacific, Florida, Illinois, Indiana, Kentucky, Maryland, Michigan, Mississippi, Missouri, Nebraska, Nevada, New York, Oregon, South Dakota, Tennessee, and Virginia). Before 2016, Federal Offshore Pacific is included in California. All data for Alaska are obtained directly from the state. Data for 2016 and 2017 are estimated. The sum of individual states may not equal total U.S. volumes due to independent rounding. Previous months' production volumes may have been revised for all states/areas. Percent change is calculated using unrounded values. NA = Not Available.

Sources: Form EIA-914, *Monthly Crude Oil, Lease Condensate, and Natural Gas Production Report*.
