</table>

ARI-320 = Water-Source Heat Pumps.
ARI-325 = Ground Water-Source Heat Pumps.
ARI-330 = Ground Source Closed-Loop Heat Pumps.
ARI-870 = Direct Geoexchange Heat Pumps.

**Notes:** One ton of capacity is equal to 12,000 Btus per hour.
Efficiency is expressed as btus of output per watthours of input. The greater the COP the more efficient the unit.
