</table>

Notes:
- a Includes supplemental gaseous fuels that are commingled with natural gas.
- b Prior to 1960, based on oil used in internal combustion and gas turbine engines. For 1980 through 2000, residual fuel oil includes coal and coke.
- c Distillate fuel oil. For 1960 through 1989, includes pumped-storage hydroelectricity, which cannot be separately identified.
- f Wood, wood-derived fuels, and biomass waste.
- g There is a discontinuity in this time series between 1988 and 1989 due to the expanded coverage of renewable energy sources beginning in 1989.
- h Includes supplemental gaseous fuels that are commingled with natural gas.
- i Includes supplemental gaseous fuels that are commingled with natural gas.
- j Includes supplemental gaseous fuels that are commingled with natural gas.
- k Includes supplemental gaseous fuels that are commingled with natural gas.
- l Includes supplemental gaseous fuels that are commingled with natural gas.
- m Includes supplemental gaseous fuels that are commingled with natural gas.
- n Includes supplemental gaseous fuels that are commingled with natural gas.
- o Includes supplemental gaseous fuels that are commingled with natural gas.
- p Includes supplemental gaseous fuels that are commingled with natural gas.
- q Includes supplemental gaseous fuels that are commingled with natural gas.
- r Includes supplemental gaseous fuels that are commingled with natural gas.
- s Includes supplemental gaseous fuels that are commingled with natural gas.
- t Includes supplemental gaseous fuels that are commingled with natural gas.
- u Includes supplemental gaseous fuels that are commingled with natural gas.
- v Includes supplemental gaseous fuels that are commingled with natural gas.
- w Includes supplemental gaseous fuels that are commingled with natural gas.
- x Includes supplemental gaseous fuels that are commingled with natural gas.
- y Includes supplemental gaseous fuels that are commingled with natural gas.
- z Includes supplemental gaseous fuels that are commingled with natural gas.
- **a** Prior to 1960, based on oil used in internal combustion and gas turbine engines. For 1980 through 2000, residual fuel oil includes coal and coke.
- **b** Distillate fuel oil. For 1960 through 1989, includes pumped-storage hydroelectricity, which cannot be separately identified.
- **e** There is a discontinuity in this time series between 1988 and 1989 due to the expanded coverage of renewable energy sources beginning in 1989.
- **f** Includes supplemental gaseous fuels that are commingled with natural gas.
- **g** Includes supplemental gaseous fuels that are commingled with natural gas.
- **h** Includes supplemental gaseous fuels that are commingled with natural gas.
- **i** Includes supplemental gaseous fuels that are commingled with natural gas.
- **j** Includes supplemental gaseous fuels that are commingled with natural gas.
- **k** Includes supplemental gaseous fuels that are commingled with natural gas.
- **l** Includes supplemental gaseous fuels that are commingled with natural gas.
- **m** Includes supplemental gaseous fuels that are commingled with natural gas.
- **n** Includes supplemental gaseous fuels that are commingled with natural gas.
- **o** Includes supplemental gaseous fuels that are commingled with natural gas.
- **p** Includes supplemental gaseous fuels that are commingled with natural gas.
- **q** Includes supplemental gaseous fuels that are commingled with natural gas.
- **r** Includes supplemental gaseous fuels that are commingled with natural gas.
- **s** Includes supplemental gaseous fuels that are commingled with natural gas.
- **t** Includes supplemental gaseous fuels that are commingled with natural gas.
- **u** Includes supplemental gaseous fuels that are commingled with natural gas.
- **v** Includes supplemental gaseous fuels that are commingled with natural gas.
- **w** Includes supplemental gaseous fuels that are commingled with natural gas.
- **x** Includes supplemental gaseous fuels that are commingled with natural gas.
- **y** Includes supplemental gaseous fuels that are commingled with natural gas.
- **z** Includes supplemental gaseous fuels that are commingled with natural gas.
