reporting requirements and is used by OSEP to monitor State agencies and for Congressional and public reporting. No adjustments were made to this data collection therefore we anticipate no change in the response burden associated with this data collection. The Department of Education is interested in public comment addressing the COVID crisis. Specially, are there any considerations to these data collections due to the national emergency caused by the novel Coronavirus disease 2019 (COVID-19). Please note that written comments received in response to this notice will be considered public records.

Kate Mullan,

PRA Coordinator, Strategic Collections and Clearance Governance and Strategy Division, Office of Chief Data Officer, Office of Planning, Evaluation and Policy Development.

Energy Information Administration

Agency Information Collection Extension

ACTION: Notice and request for comments.

SUMMARY: EIA submitted an information collection request for extension as required by the Paperwork Reduction Act of 1995. The information collection requests a three-year extension, with changes, to Form EIA—914, “Monthly Crude Oil and Lease Condensate, and Natural Gas Production Report” under OMB Control Number 1905–0205. Form EIA—914 collects monthly data from well operators at the state level on crude oil and lease condensate, and natural gas production within the United States. These data are used by EIA to estimate state, regional, and U.S. crude oil and lease condensate, and natural gas production.

DATES: Comments on this information collection must be received no later than October 16, 2020. Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice at www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under Review—Open for Public Comments” or by using the search function below “Currently under Review”.

FOR FURTHER INFORMATION CONTACT:

Jessica Biercevicz, U.S. Energy Information Administration, telephone 202–586–4299, or by email at jessica.biercevicz@eia.gov. The forms and instructions are available on EIA’s website at www.eia.gov/survey.

SUPPLEMENTARY INFORMATION: This information collection request contains:

(1) OMB No.: 1905–0205;

(2) Information Collection Request Title: Monthly Crude Oil and Lease Condensate, and Natural Gas Production Report;

(3) Type of Request: Three-year extension with changes;

(4) Purpose: Form EIA—914 Monthly Crude Oil and Lease Condensate, and Natural Gas Production Report, collects monthly data on natural gas production, crude oil and lease condensate production, and crude oil and lease condensate sales by API gravity. These data are used by EIA to estimate state, regional, and U.S. crude oil and natural gas production.

(4a) Changes to Information Collection: Respondents in four (4) states (Alabama, Michigan, Mississippi, and Virginia) and the Federal Offshore Pacific area will report crude oil and natural gas production in the “Other States” category rather than separately report their state or offshore area production. Production in these 4 states and offshore area will be combined with other states with small production volumes in the “Other States” category. Although production in these 4 states and offshore area have remained stable over the past 3 years, their percentage of the US total production for crude oil and natural gas has declined over the past 4 years.

(5) Annual Estimated Number of Respondents: 400;

(6) Annual Estimated Number of Total Responses: 4,800;

(7) Annual Estimated Number of Burden Hours: 19,200;

(8) Annual Estimated Reporting and Recordkeeping Cost Burden: EIA estimates that respondents will have no additional costs associated with the surveys other than the burden hours and the maintenance of the information during the normal course of business. The cost of burden hours to the respondents is estimated to be $1,538,688 (19,200 burden hours times $80.14).

Authority: 15 U.S.C. 772(b) and 42 U.S.C. 7101 et seq.

Signed in Washington, DC, on September 10, 2020.

Thomas Leckey,

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. ER20–2845–000]

Albemarle Beach Solar, LLC; Supplemental Notice That Initial Market-Based Rate Filing Includes Request for Blanket Section 204 Authorization

This is a supplemental notice in the above-referenced proceeding of Albemarle Beach Solar, LLC’s application for market-based rate authority, with an accompanying rate tariff, noting that such application includes a request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability.

Any person desiring to intervene or to protest should file with the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission’s Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard to the applicant’s request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability, is September 30, 2020.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at http://www.ferc.gov. To facilitate electronic service, persons with internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically may mail similar pleadings to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. Hand delivered submissions in docketed proceedings should be delivered to Health and Human
