

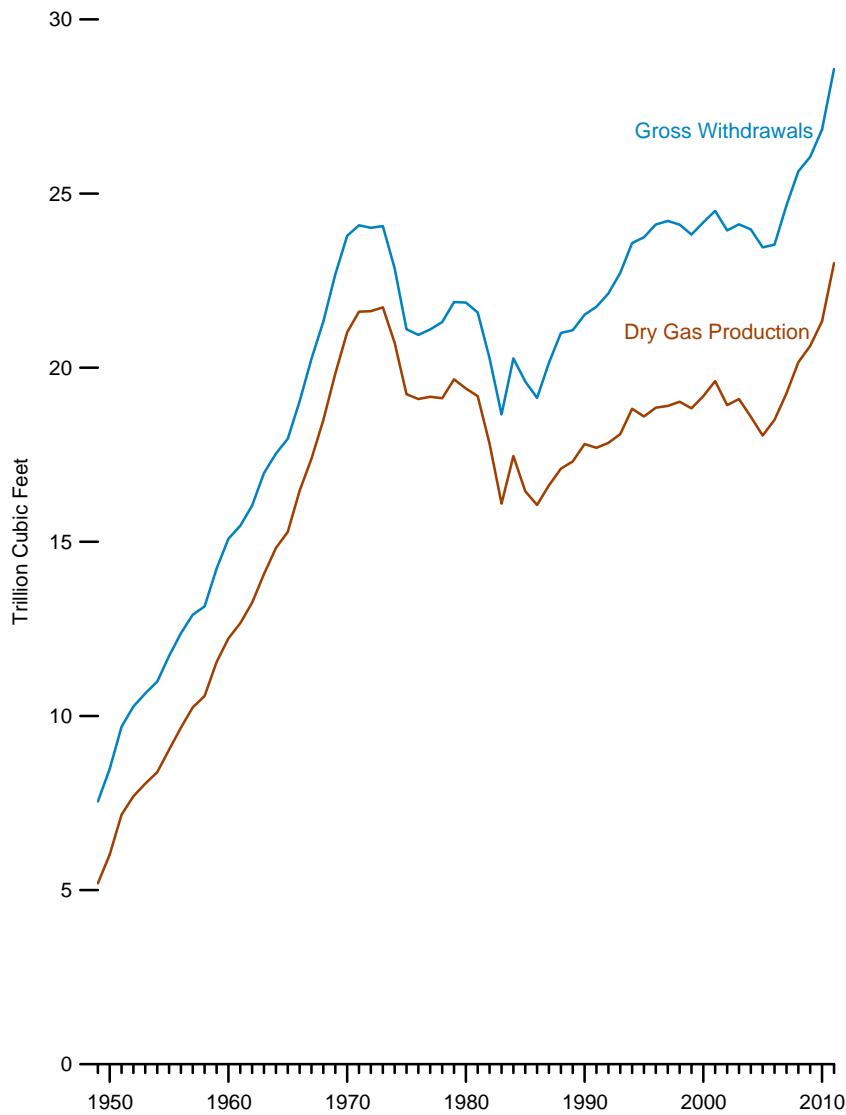

## Figure 6.2 Natural Gas Production

### Gross Withdrawals and Dry Gas Production, 1949-2011

### Production Flow, 2011 (Trillion Cubic Feet)

### Gross Withdrawals by Well Type, 2011

<sup>1</sup> Volume reduction resulting from the removal of natural gas plant liquids, which are transferred to petroleum supply.

<sup>2</sup> Includes natural gas gross withdrawals from coalbed wells and shale gas wells. Source: Table 6.2.
